PD. \_\_\_\_\_ DATE: \_\_\_\_\_

## COMPARING CELLS.

1. Which diagram represents a prokaryotic cell? \_\_\_\_\_
2. Which diagram represents a eukaryotic cell? \_\_\_\_\_
3. Using the proper terms, label the structures indicated in the diagrams.
4. List two ways in which these cells are similar:  
A. \_\_\_\_\_  
B. \_\_\_\_\_
5. List two ways in which these cells are different:  
A. \_\_\_\_\_  
B. \_\_\_\_\_

1. Which diagram represents an animal cell? \_\_\_\_\_
2. Which diagram represents a plant cell? \_\_\_\_\_
3. Using the proper terms, label the structures indicated in the diagram.
4. List two ways in which these cells are similar.
  - A. \_\_\_\_\_
  - B. \_\_\_\_\_
5. List two ways in which these cells are different.
  - A. \_\_\_\_\_
  - B. \_\_\_\_\_
6. Are these cells eukaryotic or prokaryotic? Explain your answer.
