Warm Up #5	14
Notes 7.2 Osmosis + Diffusion	15

Test Corrections Chapter 2

- Choose 10 questions that you think are important and copy the question completely and write the answer completely. (no letters for answers)
- If you missed any questions start with those questions up to 10

Warm Up #4

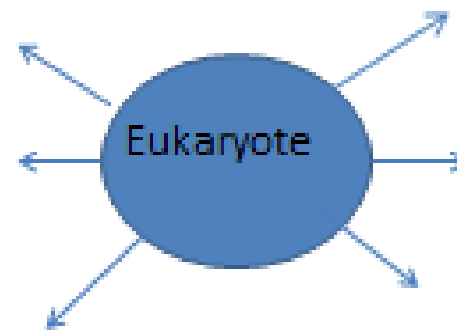

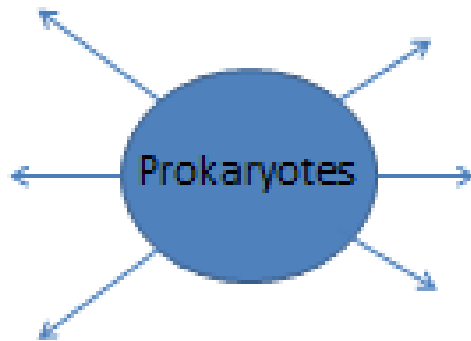

C

- Choose 3 words off of your homework and explain their function and if they are found in a prokaryote, plant, animal or two of the groups.

Warm Up #5

A

- Create a double bubble comparing prokaryotes and eukaryotes. Have at least 3 similarities and 3 differences (for each side)

Warm up #5

B

- Double Bubble comparing plant and animal cells. Have 3 similarities and 3 differences for each
